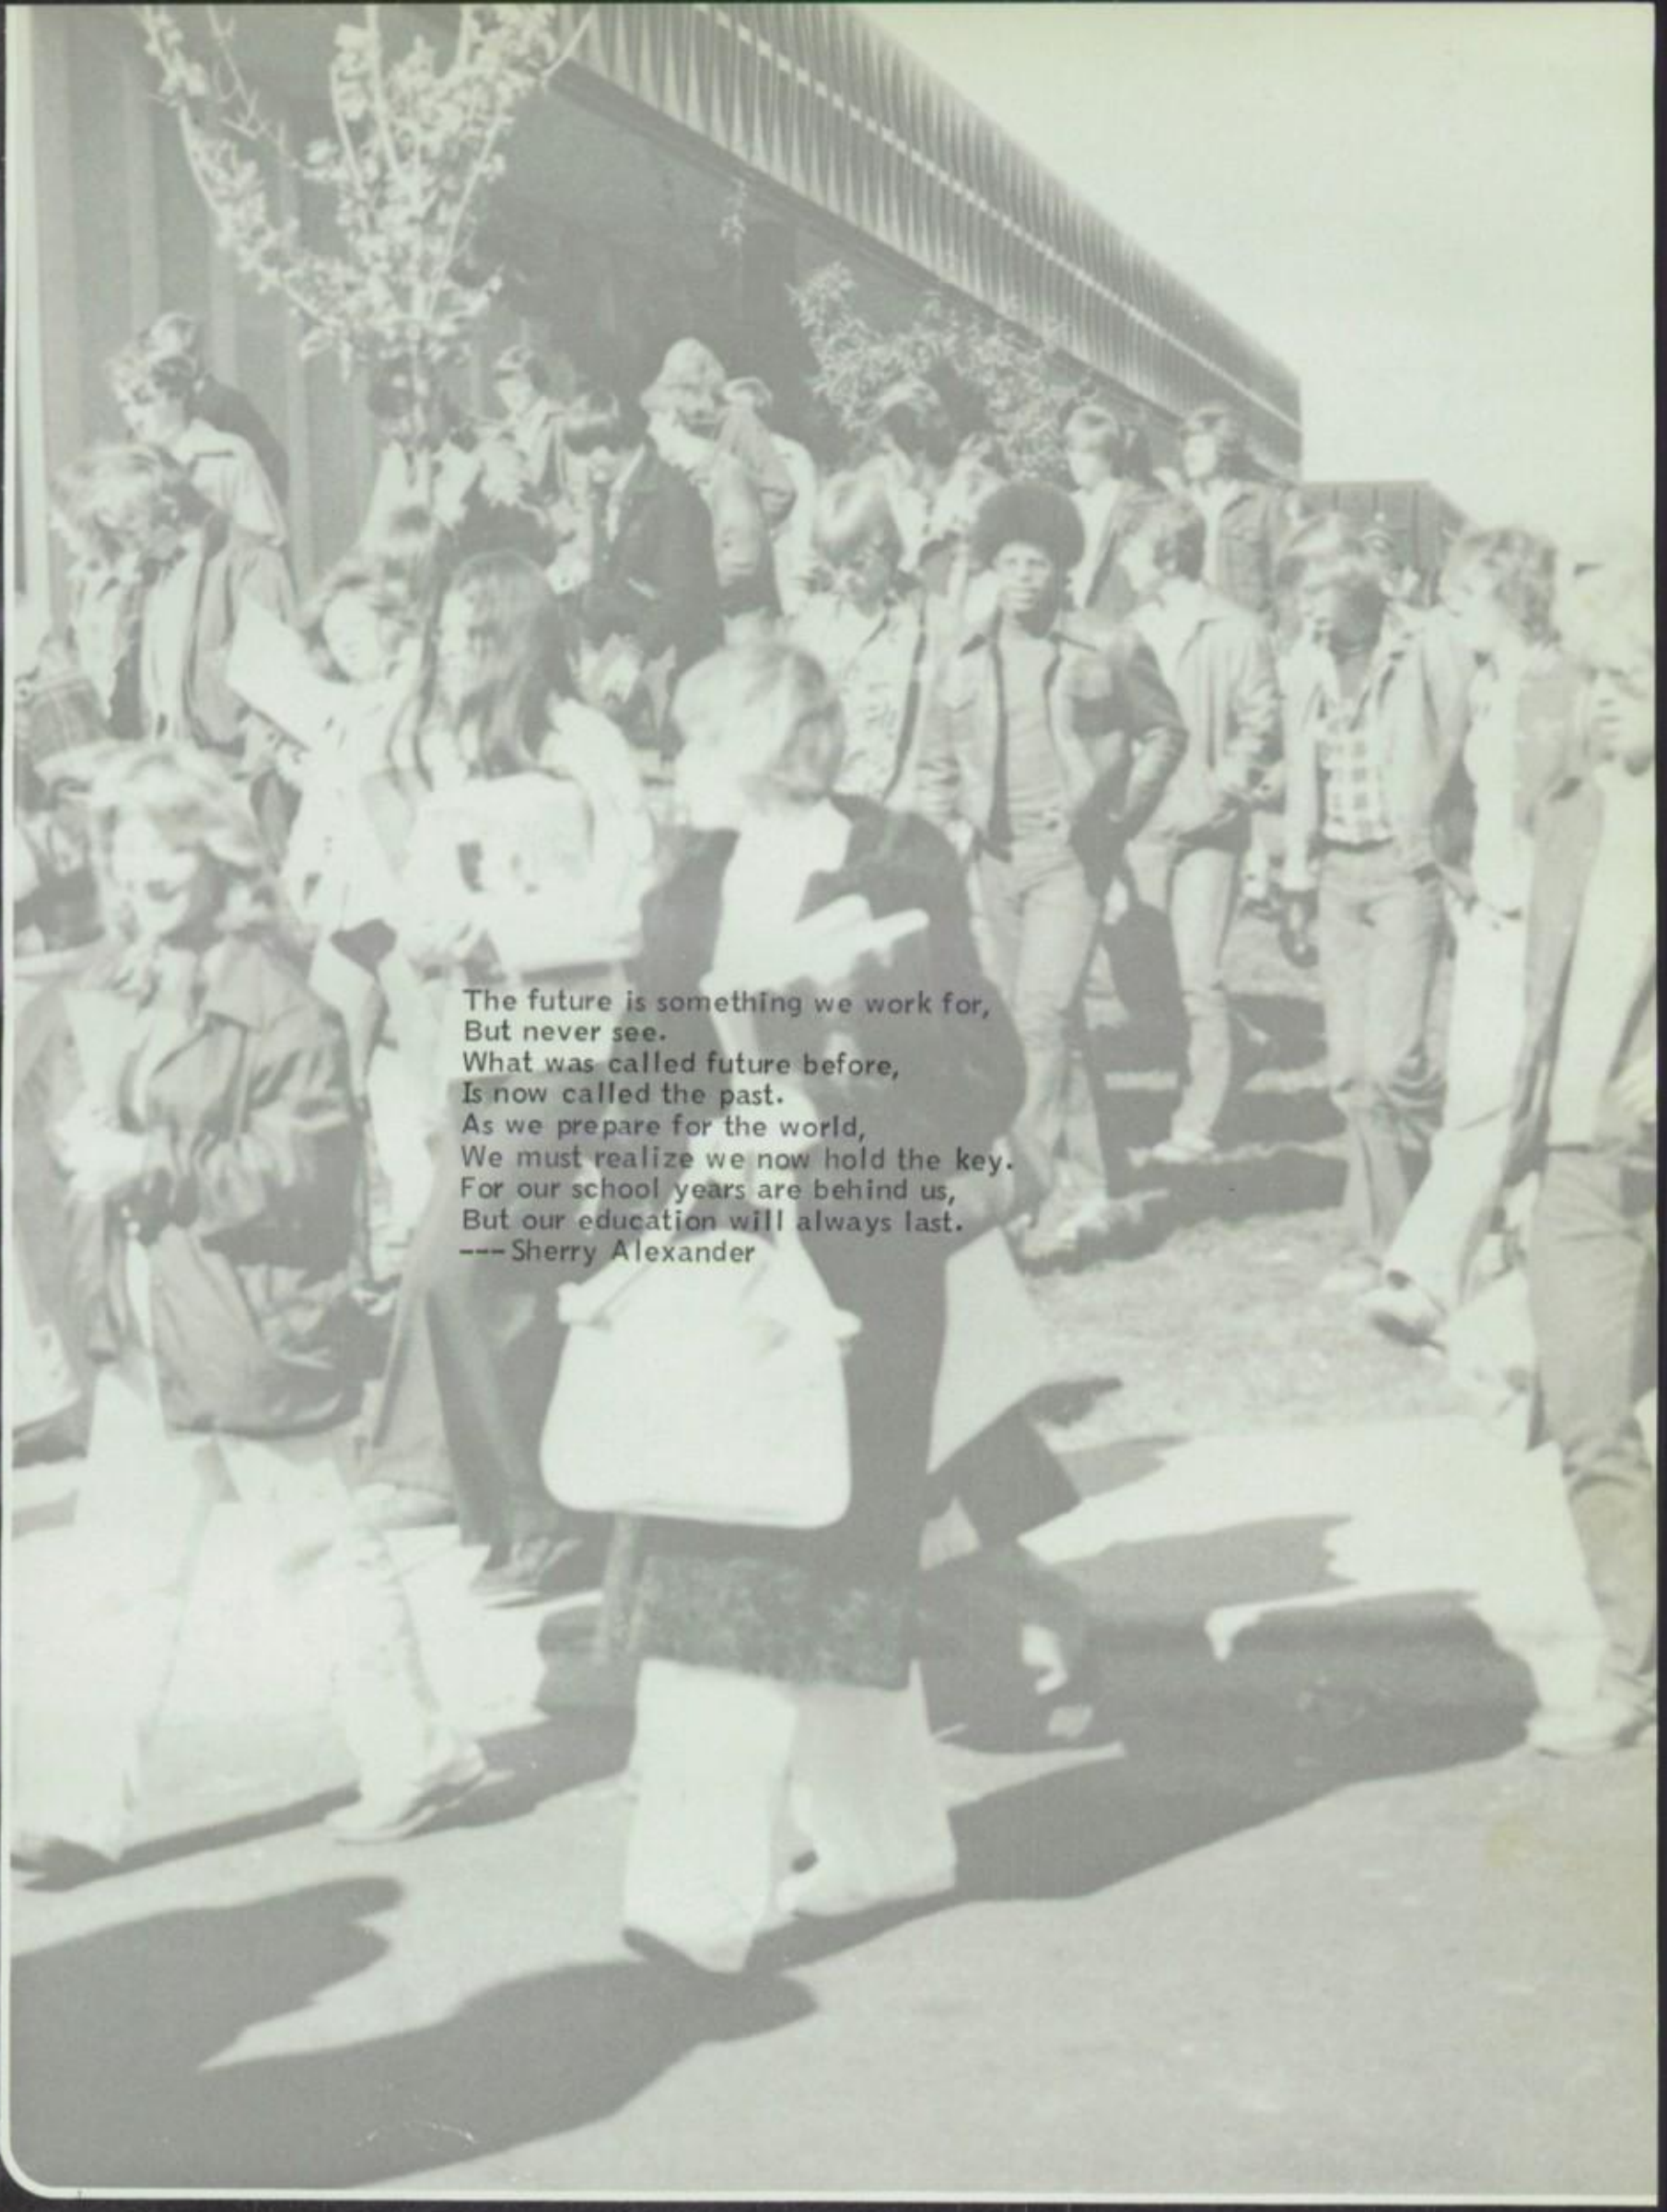
THE JOINT

1977

MONTGOMERY COUNTY JOINT VOCATIONAL SCHOOL



The future is something we work for,
But never see.
What was called future before,
Is now called the past.
As we prepare for the world,
We must realize we now hold the key.
For our school years are behind us,
But our education will always last.

The FFA is a very special organization. It originated as a part of the high school vocational agricultural curriculum. FFA activities encourage members to learn through active participation. A few of these activities include judging contests, local and state levels. There are also speech contests, and many other activities in which awards are given. The main goal of the FFA is to bring out the leadership qualities of a member. These abilities will not only serve them here, but also later on in life. We hope what they learn here will follow them through life and help them to assume civic responsibilities and become leaders.

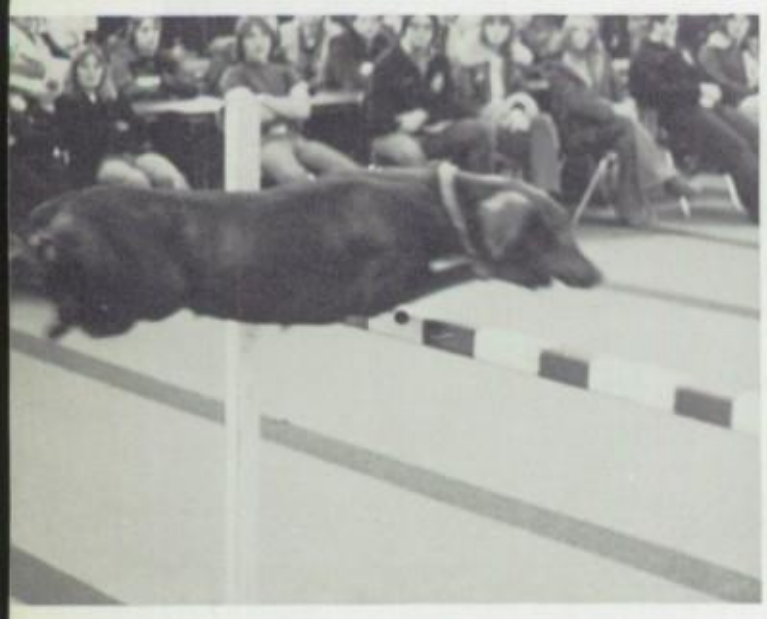
"Man's best friend?!"

Why do I have the strangest feeling my fly is unzipped?!

FFA President keeps audience spellbound.



"SHOW - OFF"

Doesn't that dog ever get bored doing those tricks, 'cause I'm sure getting bored watching him!

"I feel good all under!"

I don't know about you bud, but I'm pooped!

Come on dogs, smile!

HERO is the youth organization for Home Economic students in vocational schools, placing major emphasis on preparation for job and careers in specfic occupational areas. Each class in the Home Economics area is a "mini-chapter" where we plan activities for service to other people. Some of our activities include--HERO week, banquets, and recognition activities. We make decisions for projects through a special decision making process called IMPACT. For personal growth, ENCOUNTER is a method used to guide an individual. Our recognition activities aren't as competitive as others--we compete only against ourselves.

State convention is the big event of the year. Through this experience we meet lots of people, learn more about HERO and the fun that goes along with it. Service, fun, and growth: this sums up our main goals in HERO.
